

Field Trip Behavior Policy

For students to participate in field trips their behavior must be exemplary, our students represent our school, classroom and themselves during a field trip. Examples of exemplary behavior would be:

- **Following all school rules.**
- **Pay attention**
- **Respect for staff and their peers.**
- **Respect the rights of others.**
- **No hitting, biting, kicking, bullying during the school hours.**

Any student with 3 behavior notices (any teacher can issue a behavior notice). Any student excluded from a field trip will be placed in another classroom.

Please discuss this letter with your child, so that he/she understands the importance of good behavior.

Thank you,

Marsha Kaye (Director)

I have read the above letter and I am aware of the Positive Student Behavior Policy regarding student participation in field trips.
